Amman 11/7/2017

Ref: 246/2017/60003

Messer's : Century Investment Group Company
A Public Shareholding Company- Holding
Irbid – The Hashemite Kingdom of Jordan

Introduction

We have reviewed the accompanying condensed interim consolidated financial statements of Century Investment Group Company (A Public Shareholding Company- Holding), comprising the interim consolidated statement of financial position as at 30 June 2017 and the related interim consolidated statement of comprehensive income , interim consolidated statement of changes in equity and interim consolidated statement of cash flows for the three months period then ended. Management is responsible of the preparation and presentation of this interim consolidated financial information in accordance with international financial reporting standard (IAS 34) interim financial reporting , our responsibility is to express a conclusion on this interim consolidated financial statement based on our review.

Scope of review

We conducted our review in accordance with the international standard on review engagements (2410) " review of interim financial information performed by the independent auditor of the entity ." a review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters , and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with international standards on auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit . Accordingly , we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim consolidated financial statements are not prepared, in all material respects, in accordance with international financial reporting standard (IAS 34) interim financial reporting .

Accounting policies

Consolidated financial statement preparation Basis

- The consolidated financial statements for the company and its subsidiaries in accordance with international reporting Standard No. 34 and in accordance with the laws and instructions in force historical cost principle.
- The consolidated financial statements have been prepared in accordance with the historical cost principal except the financial assets that appear at fair value.
- The Jordanian dinar is the currency of showing the consolidation financial statement which represent the company main currency.

Basic of Consolidations of Financial Statements

The consolidated financial statements comprise the financial statements of the parent company and its subsidiaries where the company holds control over the subsidiaries. The control exists when the company has the ability to control subsidiaries operational and financial policies. Transactions, balances, revenues and expenses between the parent and subsidiaries are eliminated.

The financial statement of the subsidiaries are prepared for the same reporting as the parent company using the same accounting policies used by the parent company. if different accounting policies were applied by the subsidiaries, adjustments shall be made on their financial statements in order to comply with these of the parent company. The results of subsidiaries are unified in the consolidated statement of income as if they are acquired, which is the date in which the parent company's control over the subsidiaries is effectively transferred. The results of subsidiaries business are unified in the consolidated income statement up to the date on which the company loses control over the subsidiaries.

The subsidiaries financial statements have been consolidated are presented with the parent company's financial statements:

<u>Subsidiary Company Name</u>	<u>Activity</u>	<u>Capital</u>	<u>Ownership</u>

3- Use of Estimates

The preparation of the financial requires management to make estimates and assumptions that affect the reported amounts of financial assets and attached disclosures. These estimates are necessarily based on assumptions subject to varying degrees of accuracy and certainty. Therefore the actual results that may differ from management estimations as a result of changing in situations, and assumption circumstances which such estimation based on .

The following are the main estimates used in preparing the consolidated financial statements are as follows:

- The management reevaluate the productive lives of the tangible assets periodically for the purpose of calculating the annual depreciation based on the general condition of those assets and productive expected lives in the future. The impairment loss (if any) is taken in the income statement.
- The management reviews periodically financial assets that are presented at cost to estimate any impairment in value and are taken to the consolidated statement of income.
- The Company's management estimates the value of the provision for doubtful debts after taking into account the collectable of these receivables.

Cash and cash equivalents:

Cash and cash equivalents represent cash on hand and at banks and investments that can be liquidated to specific amounts and with dues that doesn't exceeds three months without include risks of change in value.

Checks under collection:-

Checks at collection are presented at fair value upon receipt.

Accounts Receivable:-

Receivables are presented with original invoice amount less estimated amounts that are not collected. An estimate is made for doubtful debts when collection of the full or partial amount is not probable. Bad debts are written off when there is no possibility of collection.

(9 / 22)

Century Investment Group Company
Public Share holding Company- Holding
Irbid – The Hashemite Kingdom of Jordan
Accounting policies

Financial Assets at fair value through other comprehensive income: -

Financial assets are recorded at fair value through statement of comprehensive income when buying at fair value in addition to acquisition expenses and revalued subsequently at fair value, the change is shown in the fair value in the statement of comprehensive

income and in equity, including the change in fair value resulting from exchange differences in non Colusset items cash in foreign currencies and in case of the sale of these assets or part thereof profits or losses resulting are recorded in the statement of comprehensive income and in equity and the evaluation of sold asset reserve balance is transferred directly to the profit retained and loss not through the income statement.

These assets are not subject to this impairment test and profit is recognized in the statement of income .

Investment in associates: -

Investments in associates which the company has an impressive percentage of voting rights and exert effective influence on financial and operating policies under the equity method, where investments appear under the equity method at cost plus the company's share of any changes in associate company's net assets and reflects the statement of comprehensive income the company's share of the results of associate company's business, if there are changes to associate company equity they will be recognized directly in equity. The Company recognizes its share of changes directly in equity, losses more than the company's share in the associate's capital is not except its share in the associate's obligations.

Fair value: -

Closing prices in active markets represent the fair value of financial assets. In the absence of quoted prices or lack of active trading on certain financial assets, their fair value is estimated by comparing them to the fair value of a similar financial instrument or by calculating the present value of future cash flows. If the fair value of the financial asset cannot be measured reliably, it is presents at cost after deducting any impairment in value.

Date of recognition of financial assets:

The purchase and sale of financial assets are recognized on the trade date (the date on which the Company commits to sell or purchase the financial asset .

The accompanying notes are an integral part of this statement

Accounting
Public Accounting

Century Investment Group Company
Public Share holding Company - Holding
Irbid – The Hashemite Kingdom of Jordan
Accounting policies

Real Estate Investments :-

Real estate investments are presented at cost less accumulated depreciation and amortized over the expected estimated useful life of 6% -10%. The operating income or expenses of these investments and any impairment in value are recorded in the income statement. The virtual life of real estate's investments properties is reviewed periodically to ensure that the method and proportion of depreciation are consistent with the expected future benefit.

Property and equipments :-

Property, equipment and machinery are presented at cost less accumulated depreciation and are amortized (except for land) when they are ready for use on a straight-line basis over the estimated useful life using the following percentages:

Buildings and constructions	4% - 10%
Office furniture and equipment	10%
Equipment and tools	10% - 20%

Other accounts payable:-

Liabilities are recognized for amounts to be paid in the future for goods or services received, whether or not claimed by the supplier.

Provisions:-

Provisions are recognized when the Company has an obligation (legal or expected) resulting from past event and the payment of the liability is probable and can be reliably measured.

Operating leasing Contracts:-

The amount asset renting expense which all risks and their returns that belongs to the lessor are classified in the expense is recognized in the consolidated statement of income during the lease term as the accrual basis.

Leasing contracts in the case of the "lessor" company:-

Receivables of finance leases are stated at the present value of future cash payments and portion of financing income arising from those contracts is recognized in the consolidated statement of income over the period of the contracts.
