Report on Review of Interim Condensed Financial Statements
To the Board of Directors of
National Petroleum Company
Amman - Jordan

Introduction

We have reviewed the accompanying interim condensed financial statements of National Petroleum Company (the "Company") as at 30 September 2017, comprising of the interim statement of financial position as at 30 September 2017 and the related interim statements of comprehensive income, changes in equity and cash flows for the six month period then ended and explanatory information. Board of Directors is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard IAS 34 "Interim Financial Reporting" ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis of qualified conclusion

As indicated in note (6) to the financial statements, the Company transferred an amount of JD 5,000,000 to the Ministry of Finance. However, the nature and classification of this amount is not determined up to the date of these financial statements

Qualified conclusion

Based on our review, except for the effect of the matter disclosed in the basis of qualified conclusion paragraph, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

2. Basis Of Preparation

The interim condensed financial statements are prepared in accordance with International Accounting Standard 34, Interim Financial Reporting.

The interim condensed financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards, and should be read in conjunction with the annual financial statements as of 31 December 2016. In addition, results of the three-month period ended 30 September 2017 are not necessarily indicative of the results expected for the financial year ending 31 December 2017.

CHANGES IN ACCOUNTING POLICIES -

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Company's financial statements for the year ended 31 December 2016, except for the adoption of new standards effective as of 1 January 2017:

Amendments to IAS 7 Statement of Cash Flows: Disclosure Initiative

Limited amendments which require entities to provide disclosures about changes in their liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes (such as foreign exchange gains or losses). However, the adoption of these amendments have no impact on the Company's interim condensed financial statements.

Amendments to IAS 12 Income Taxes: Recognition of Deferred Tax Assets for Unrecognised Losses

Limited amendments to clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference and some other limited amendments, the adoption of these amendments have no impact on the Company's interim condensed financial statements

3. Gas Reserves

Based on the latest study conducted during 2006 by the International Specialized Consultant (IPR) in relation to gas reserves, it has been determined that the estimated reserves at the end of 2006 were 102.3 billion cubic feet. The study indicated that there is an overstatement in the degree of conservatism in this estimation since it was conducted in the area nearby the wells and it excluded the estimation of any gas reserve in most of the Al Reesha field area.

Based on the results of continuous internal studies which were updated in 2007 and carried out by in accordance with the most realistic and conservative measurement methods for the productive wells only, the minimum estimated gas reserves were 443 billion cubic feet.
