INDEPENDENT AUDITOR'S REPORT

To The Shareholders of Real Estate Development Company Public Shareholding Company Amman - Jordan

Opinion

We have audited the consolidated financial statements of Real Estate Development Company PLC, which comprise the consolidated statement of financial position as at 31 December 2018, consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as at 31 December 2018, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Hashemite Kingdom of Jordan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

The accompanying consolidated financial statements include projects under construction owned by Arab East Investments for Real Estate Company (subsidiary company) and registered in the name of Housing and Urban Development Corporation amounting to JOD (3,678,762) and other projects under construction registered in the name of Jordan Engineers Association amounting to JOD (1,496,432) against signed agreements with those parties.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Board of Directors for the Consolidated Financial Statements

Board of Directors is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as Board of Directors determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate
 in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal
 control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the
 disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a
 manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

The Company maintains proper accounting records and the accompanying consolidated financial statements are in agreement therewith and with the financial data presented in the Board of Directors' report, and we recommend the General Assembly to approve it.

Real Estate Development Company Public Shareholding Company Notes to the Consolidated Financial Statements 31 December 2018

(In Jordanian Dinar)

1 . General

Real Estate Development Company was established on 24 June 1995 as a Public Shareholding Company and registered at the Ministry of Trade and Industry under number (287). The Company obtained the right to start its operations on 21 October 1995. The company's head office is in the Hashemite Kingdom of Jordan. The company's main objective is exercising all real estate investment activities.

The Company stocks are listed in Amman Stock Exchange - Jordan.

The accompanying consolidated financial statements were authorized for issue by the Company's Board of Directors in their meeting held on 27 February 2019 and it is subject to the General Assembly approval.

2 . Summary of significant accounting policies Basis of preparation

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards.

The consolidated financial statements have been prepared on historical cost basis except for financial assets at fair value.

The consolidated financial statements are presented in Jordanian Dinar which is the functional currency of the company.

The accounting policies are consistent with those used in the previous year, except for the adoption of new and amended standards effective as at the beginning of the year.

Principles of consolidation

The consolidated financial statements comprise of the financial statements of the company and its subsidiaries where the company has the power to govern the financial and operating policies of the subsidiary so as to obtain benefits from their activities. The financial statements of the subsidiaries are prepared for the same reporting year as the company using consistent accounting policies. All balances, transactions, income, and expenses between the company and its subsidiaries are eliminated.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the company obtains control, and continue to be consolidated until the date that such control ceases.

The results of operations of the subsidiaries are consolidated in the consolidated statement of comprehensive income from the acquisition date which is the date on which control over subsidiaries is transferred to the company. The results of operation of the disposed subsidiaries are consolidated in the consolidated statement of comprehensive income to the disposal date which is the date on which the company loses control over the subsidiaries.

The following subsidiaries have been consolidated:

Company	Ownership	Paid- in capital	Activity
Iwan for Construction LLC	100%	10,000	Housing construction
Iwan for Engineering Consultancy	100%	1,000	Engineering consultancy
Al-Ula for Investment Management	100%	10,000	Real estate development
Daret Amman for Housing Projects LLC	83%	10,000	Housing construction
Arab East Investments for Real Estate PLC	70%	9,996,082	Real estate development
Dghaileeb for Real Estate Investments LLC	70%	10,000	Real estate development
Asrar for Real Estate Investments LLC	70%	10,000	Real estate development
Al-Molheq for Real Estate Investments LLC	52%	10,000	Real estate development
Noor Al Sharq for Real Estate Investments LLC	43%	10,000	Real estate development
Al- Ifsah for Real Estate Investments LLC	35%	10,000	Real estate development
Al Fanneyyah Lelmantojat Al Kharasaneyah LLC	35%	700,000	Real estate development

The financial statements for Noor Al Sharq for Real Estate Investments, Al- Ifsah for Real Estate Investments and Al Fanneyyah Lelmantojat Al Kharasaneyah were consolidated with the accompanying consolidated financial statements even though the ownership percentage is below 50% due to the control imposed by the Real Estate Development Company on the financial and operational policies of these companies.

Adoption of new and revised IFRS standards

The following standards have been published that are mandatory for accounting periods after 31 December 2018. Management anticipates that the adoption of new and revised Standards will have no material impact on the consolidated financial statements of the company.

Standard No.	Title of Standards	Effective Date
IFRS 16	Leases	1 January 2019
IFRS 17	Insurance Contracts	1 January 2021

Use of estimates

Preparation of the consolidated financial statements and the application of accounting polices require the company's management to estimate and assess some items affecting financial assets and liabilities and to disclose contingent liabilities. These estimates and assumptions also affect certain elements of the company's assets, liabilities and provisions, and revenue and expenses, and require estimating and assessing the amounts and timing of future cash flows. The mentioned estimates and assumptions are based on multiple factors with varying degrees of assessment and uncertainty. Moreover, the actual results may differ from the estimates due to the changes resulting from the conditions and circumstances of those estimates in the future.

Management believes that the estimates are reasonable and are as follows:

- Management reviews periodically the tangible assets in order to assess the depreciation for the year based on the useful life and future economic benefits. Any impairment is taken to the consolidated statement of profit or loss.
- The measurement of impairment losses under IFRS 9 requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. Elements of the expected credit loss model that are considered accounting judgments and estimates include Probability of default (PD), Loss given default (LGD) and Exposure at default (EAD).

Investment properties

3

Investment property is measured at cost less any accumulated depreciation and any accumulated impairment losses. Any revenue, operational expenses or impairment related to the investment properties is recorded in the consolidated statement of profit or loss. Investment properties are depreciated using the straight-line method at annual depreciation rates ranging from 2% to 15%. The useful life and depreciation method are reviewed periodically to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from the assets

Property and equipment

Property and equipment are stated at cost and depreciated using the straight-line method over their estimated useful lives using the following annual depreciation rates:

Offices and other properties	2-10%
Machines & Equipment	10-20%
Vehicles	15%
Other	9-20%

When the expected recoverable amount of any property and equipment is less than its net book value, the net book value is reduced to the expected recoverable amount, and the impairment loss is recorded in the consolidated statement of profit or loss.

The useful life and depreciation method are reviewed periodically to ensure that the method and period of deprecation are consistent with the expected pattern of economic benefits from items of property and equipment.

When the property and equipment are sold or discarded, the cost of them is disposed of and any profit or loss related to the disposal is recorded in the consolidated statement of profit or loss.

Financial assets at fair value through profit or loss

It is the financial assets held by the company for the purpose of trading in the near future and achieving gains from the fluctuations in market prices in the short term or trading margins.

Financial assets at fair value through profit or loss are initially stated at fair value at acquisition date (purchase costs are recorded at the consolidated statement of profit or loss upon acquisition) and subsequently measured at fair value. Moreover, changes in fair value are recorded in the consolidated statement of profit or loss including the change in fair value resulting from translation of non-monetary assets stated at foreign currency. Gains or losses resulting from the sale of these financial assets are taken to the consolidated statement of profit or loss.

Dividends and interests from these financial assets are recorded in the consolidated statement of profit or loss.

Financial assets at fair value through other comprehensive income

These financial assets represent investments in equity instruments held for the purpose of generating gain on a long term and not for trading purpose.

Financial assets at fair value through other comprehensive income initially stated at fair value plus transaction costs at purchase date.

Subsequently, they are measured at fair value with gains or losses arising from changes in fair value recognized in the consolidated statement of other comprehensive income and within owner's equity, including the changes in fair value resulting from translation of non-monetary assets stated at foreign currency. In case those assets – or part of them- were sold, the resultant gain or loss is recorded in the consolidated statement of comprehensive income within owners' equity and the reserve for the sold assets is directly transferred to the retained earnings and not through the consolidated statement of profit or loss.

These assets are not subject to impairment testing.

Dividends are recorded in the consolidated statement of profit or loss.

Trading and settlement date accounting

Purchases and sales of financial assets are recognized on the trade date, i.e. the date on which the Company commits its self to purchase or sell the asset.

Real Estate Development Company PLC Notes to the Consolidated Financial Statements 31 December 2018

Fair value

For fair value of investments, which are traded in organized financial markets, is determined by reference to the quoted market bid price at the close of the business on the statement of financial position date. For investments which are listed in inactive stock markets, traded in small quantities or have no current prices, the fair value is measured using the current value of cash flows or any other method adopted. If there is no reliable method for the measurement of these investments, then they are stated at cost less any impairment in their value.

Pledged financial assets

Represent those financial assets pledged to other parties with the existence of the right of use for the other party (sale, re-pledge). These financial assets are measured according to their original classification.

Investment in associates

Investments in associates are accounted for using the equity method.

The carrying amount of the investment in associates is increased or decreased to recognize the company's share of the profit or loss and other comprehensive income of the associate, adjusted where necessary to ensure consistency with the accounting policies of the company.

Unrealized gains and losses on transactions between the company and its associates are eliminated to the extent of the company's interest in those entities.

Projects under development

Properties being developed are presented by the lower of cost or net realizable value. The cost includes the value of the property and all the necessary expenses for developing and making the property available for sale.

Accounts receivable

Accounts receivable are carried at original invoice amount less an estimate made for credit loss based on a review of all outstanding amounts at the year end. Bad debts are written off when identified.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, deposits held at call with banks, other short - term highly liquid investments.

Accounts payables and accruals

Accounts payable and accrued payments are recognized upon receiving goods or performance of services.

Provisions

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Offsetting

Financial assets and financial liabilities are offset, and the net amount is reflected in the consolidated statement of financial position only when there are legal rights to offset the recognized amounts, the company intends to settle them on a net basis, or assets are realized and liabilities settled simultaneously.

Revenue recognition

Revenues from sale of goods are recognized when control transferred to the buyer, while revenues from rendering services are recognized over time and according to percentage of completion. In all cases, it is necessary that the amount of revenue can be measured reliably.

Interest income is recognized on time proportion basis that reflects the effective yield on the assets.

Dividends income is recognized when it is declared by the General Assembly of the investee company.

Other revenues are recognized on the accrual basis.

Borrowing costs

Borrowing costs are generally expensed as incurred. Borrowing costs obtained in order to finance projects under construction are capitalized as part of the projects cost. The capitalizing of borrowing costs is stopped upon the completion of the project under construction.

Foreign currencies

Assets and liabilities denominated in foreign currencies are translated to Jordanian Dinar using the prevailing exchange rates at year end. Foreign currency transactions during the year are recorded using exchange rates that were in effect at the dates of the transactions. Foreign exchange gains or losses are reflected in the consolidated statement of profit or loss.

Income tax

Income tax expenses are accounted for on the basis of taxable income. Taxable income differs from income declared in the financial statements because the latter includes non-taxable revenues or disallowed taxable expenses in the current year but deductible in subsequent years, accumulated losses acceptable by the tax law, and items not accepted for tax purposes or subject to tax.

26. Liabilities in the name of the Company

The Company has signed during the year 2015 an agreement under which all of its rights to returns and management of Dubai healthcare building (financed by finance lease from United National Bank) have been transferred to a second party who will be liable of the finance lease until the full settlement. The finance lease obligation is still registered in the name of the Company and in case of default from the second party, the Bank has the right to sell the building without any financial obligation towards the Company.

27 . Fair Value of Financial Instruments

Financial instruments comprise of financial assets and financial liabilities. Financial assets of the company include cash and cash equivalents, receivables and securities. Financial liabilities of the company include loans from financial institutions, and accounts payable.

The fair values of the financial assets and liabilities are not materially different from their carrying values as most of these items are either short-term in nature or re-priced frequently.

Financial assets and financial liabilities measured at fair value in the consolidated statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observe ability of significant inputs to the measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset or liability.

2018	Level 1	Level 2	Level 3	Total
Financial assets at fair value through statement of profit or loss	1,609,696	3,844,322		5,454,018

	2,860,175	3,937,768	-	6,797,943

28 . Financial Risk Management

Currency Risk

The management considers that the company is not exposed to significant currency risk. The majority of their transactions and balances are in Jordanian Dinar, Kuwaiti Dinar and US Dollar. As the Jordanian Dinar is pegged to the US Dollar, balances in US Dollar are not considered to represent significant currency risk and the company's results or equity to movements in exchange rates is not considered significant. Assuming that Kuwait Dinar exchange rate has been decreased or increased by 10% annually the consolidated comprehensive income for the year would have been reduced / increased by JOD (384,432) during 2018 (2017: JOD 386,416).

Credit Risk

Credit risks are those risks resulting from the default of counterparties to the financial instrument to repay their commitment to the Company. The Company limits its credit risk by only dealing with reputable banks and by setting credit limits for individual customers and monitoring outstanding receivables. The maximum exposure to credit risk is represented by the carrying value of each financial asset.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will affect the Company's income or the value of its holdings of financial instruments. As most of the Company's financial instruments have fixed interest rate and carried at amortized cost, the sensitivity of the Company's results or equity to movements in interest rates is not considered significant.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its net financial obligation. In this respect, the Company's management diversified its funding sources, and managed assets and liabilities taking into consideration liquidity and keeping adequate balances of cash, and cash equivalents and quoted securities.

The table below analyses the company's financial liabilities into relevant maturity groupings based on the remaining period at the financial position date to the contractual maturity date.

2018	Less than one year	More than one year	Total

	4,160,484	9,355,933	13,516,417

Equity Price Risk

Equity price risk results from the change in the fair value of equity securities. The company manages these risks through the diversification of investments in several geographical areas and economic sectors. If the quoted market price of listed equity securities had increased or decreased by 10%, the consolidated comprehensive income for the year 2018 would have been reduced / increased by JOD (278,108) (2017: JOD 286,018).

29. Capital Management

The Company manages its capital structure with the objective of safeguarding the entity's ability to continue as a going concern and providing an adequate return to shareholders by keeping a balance between shareholders equity and total debt.

The table below shows debt to equity ratio:

	2018	2017
Total Debt	4,450,917	4,395,153
Total Equity	37,344,753	38,138,266
