Amman - Jordan**

We have reviewed the accompanying condensed consolidated interim statement of financial position of **Jordan Investment Trust Company (Public Shareholding Limited Company) and its subsidiaries "the Group"** as at June 30, 2026 and the related condensed consolidated interim statements of profit or loss and other comprehensive income, changes in owner's equity and cash flows for the six months period then ended. Management is responsible for the preparation and fair presentation of this condensed consolidated interim financial information in accordance with International Accounting Standard number (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements (2410) "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information are not prepared in all material respects, in accordance with International Accounting Standard number (34) "Interim Financial Reporting".

Other Matters

- The consolidated financial statements for the year ended December 31, 2025 and the condensed consolidated interim financial information for the period ended June 30, 2025 were audited and reviewed by another auditor who expressed an unqualified opinion and unqualified conclusion on those statements on March 31, 2026 and July 27, 2025 respectively.
- The accompanying condensed consolidated interim financial information are a translation of the condensed consolidated interim financial information in the Arabic language to which reference should be made.

**Jordan Investment Trust Company
Public Shareholding Limited Company
And It's Subsidiaries (The Group)
Notes to The Condensed Consolidated Interim Financial Information**

The Group's interim condensed consolidated financial statements contain the subsidiaries and the controlled companies' financial statements, the control exists when the Group controls the subsidiaries' significant and relevant activities, and is exposed, or has the rights, to variable returns from its involvement with the subsidiaries, and has the ability to affect those returns. Control over the subsidiaries is exercised when the following factors exist:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee).
- Exposure, or rights, to variable returns from its involvement with the investee.
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- Contractual arrangement with other vote holders of the investee.
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Revenues and expenses of a subsidiary acquired or disposed of during the period are included in the interim condensed consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets, liabilities, equity, revenues, expenses and profit or loss relating to transactions between members of the Group are eliminated in full.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary.
- Derecognizes the carrying amount of any non-controlling interests.
- Derecognizes the cumulative translation differences recorded in equity.
- Recognizes the fair value of any amounts received.
- Recognizes the fair value of any investment retained in the subsidiary.
- Recognizes of profits or losses resulting from a loss of control.
- Reclassification of the Company's share previously recorded in other comprehensive income items to profit and loss.

(c) Use of Estimates

This condensed consolidated interim financial information has been prepared in accordance with IAS 34, "interim financial reporting" which requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this condensed consolidated interim financial information for the six months ended on June 30, 2026, significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended December 31, 2025.

3) Changes in Significant Accounting Policies

The accounting policies adopted in the condensed consolidated interim financial information are consistent with those adopted for the year ended December 31, 2025.

14) Comparative Figures

- A. The consolidated financial statements for the year ended December 31, 2025 were restated according to IAS 8 - "Accounting Policies, Changes in Accounting Estimates and Errors", pursuant to the requirements of IFRS 3 - "Business Combinations", which allows the Company to adjust the allocation of acquisition cost within 12 months if information becomes available that differs materially from that existing at the acquisition date. It was determined that no goodwill exists, and that the difference between the acquisition cost and the book value represents an adjustment to the fair value of the acquired assets, as follows:

	December 31, 2025	Effect of	December 31, 2025
	Before adjustment	adjustment	After adjustment
	JD	JD	JD
<u>Statement of financial position</u>			
Property and equipment	6,866,127	437,779	7,303,906
Goodwill	437,779	(437,779)	-
