REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS Introduction

We have reviewed the consolidated interim condensed statements of industrial, commercial & agricultural public limited co. (the company) as at 31 MARCH 2018, the related interim consolidated statement of income for the three-month period then ended, the related consolidated statements of changes in equity and cash flows for the three-month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagement 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34.
