INDEPENDENT AUDITOR'S REVIEW REPORT

AM \ 000744 \ 005

To the Chairman and Board of Directors Members
Jordan National Shipping Lines Company
(Public Shareholding Limited Company)
Aqaba Special Economic Zone - Jordan

Introduction

We have reviewed the accompanying consolidated condensed interim statement of financial position of Jordan National Shipping Lines Company (Public Shareholding Limited Company) as of September 30, 2021 and the consolidated condensed interim related statements of profit or loss and comprehensive income for the three months and nine months ended September 30, 2021 and statement of changes in owners' equity and cash flows for the nine months period then ended, and a summary of significant accounting policies and other explanatory information. Management is responsible for the preparation and fair presentation of these consolidated condensed interim financial information in accordance with International Accounting Standard (34) Interim Financial Reporting. Our responsibility is to express an opinion on these consolidated condensed interim financial information based on our review.

Scope of Review

Except as explained in the following paragraph, we conducted our review in accordance with International Standard on Review Engagements 2410, Review of Condensed Interim Financial Information Performed by the Independent Auditor of the Company. A review of consolidated condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As a result of being denied access to the financial information, management and auditors of Smit Lamnalco Company - Jordan ("Lamnalco"), an associate accounted for by the equity method, we were unable to complete our review of the Company's equity accounted investment of approximately JD 4.7 million as at September 30, 2021 and the Company's share of Lamnalco's income of approximately JD 538 thousands for the period then ended (September 30, 2020: JD 804 thousands). Had we been able to complete our review of the equity accounted investment and the Company's share of income, matters might have come to our attention indicating that adjustments might be necessary to the consolidated condensed interim financial information.

Qualified Conclusion

Except for the adjustments to the consolidated condensed interim financial information that we might have become aware of had it not been for the situation described above, based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated condensed interim financial information is not prepared, in all material respects in accordance with International Accounting Standard (34) Interim Financial Reporting.

Other Matter

The accompanying consolidated condensed interim financial information are a translation of the statutory financial information in the Arabic language to which reference should be made.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control listed above.

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- Rights arising from other contractual arrangements; and

C. Significant Accounting Policies

The accounting policies adopted in preparing the condensed consolidated interim financial information for the period ended September 30, 2021 are consistent with those applied in the year ended December 31, 2020. However, the Group has adopted the following amendments and interpretations that apply for the first time in 2021 and have not materially affected the amounts and disclosures in the condensed consolidated interim financial information for the period and prior years, which may have an impact on the accounting treatment of future transactions and arrangements:

Interest Rate Benchmark Reform - Phase 2 amendments

Effective from January 1, 2021, the Group has implemented Interest Rate Benchmark Reform - Phase 2 amendments which address issues that might affect financial reporting as a result of the reform of an interest rate benchmark, including the effects of changes to contractual cash flows or hedging relationships arising from the replacement of an interest rate benchmark with an alternative benchmark rate. The amendments provide practical relief from certain requirements in IFRS 9, IFRS 7, IFRS 4, IFRS 16 and IAS 39 relating to changes in the basis for determining contractual cash flows of financial assets, financial liabilities and lease liabilities and hedge accounting.

The amendments require an entity to account for a change in the basis for determining the contractual cash flows of a financial asset or financial liability that is required by interest rate benchmark reform by updating the effective interest rate of the financial asset or financial liability. In addition it provides certain exceptions to hedge accounting requirements.

3. Judgments, estimates and risk management

The preparation of the consolidated condensed interim financial information requires management to make judgments, estimates and assumptions that affects the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Company's annual financial statements for the year ended December 31, 2020.

We believe that our used estimates for the preparation of the interim condensed financial information are reasonable and consistent with the estimates approved for the preparation of the consolidated financial statements for the period / year.
