**REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
TO THE BOARD OF DIRECTORS OF
AL-TAJMOUAT FOR TOURISTIC PROJECTS COMPANY
PUBLIC SHAREHOLDING COMPANY
AMMAN - JORDAN**

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Al Tajamouat for Touristic Projects Public Shareholding Company and its subsidiary (“the Group”) as at 30 June 2022, comprising of the interim condensed consolidated statement of financial position as at 30 June 2022 and the related interim condensed consolidated statement of comprehensive income, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the six months period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard (34) (Interim Financial Reporting). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements (2410) “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of Interim financial information consists of making inquiries, primarily of persons responsible for the financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS (34).

AL-TAJMOUAT FOR TOURISTIC PROJECTS COMPANY – PUBLIC SHAREHOLDING COMPANY
NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
AS AT 30 JUNE 2022 (UNAUDITED)

(1) GENERAL

AL-Tajamouat for Touristic Projects Company was incorporated during the year 1983 as a Public Shareholding Company. The Company’s paid in capital was JD 100,000,000 divided into 100,000,000 shares with a par value of JD 1.

On 26 August 2019, the General Assembly approved in its extraordinary meeting the reduction of the authorized and paid in capital by JD 7,000,000 which represents the share discount, to become 93,000,000 shares at a value of one Jordanian Dinar each. The capital reduction procedures were finalized with The Jordanian Ministry of Trading, Industry and Supply and Jordan Securities Commission on 4 March 2021.

The Company’s main activity is owning and operating “TAJ Lifestyle Center” located in Abdoun, Amman – Jordan.

The interim condensed consolidated financial statements were approved by the Board of Directors in its meeting held on 28 July 2022.

(2-1) BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The interim condensed consolidated financial statements for the six-months period ended 30 June 2022 have been prepared in accordance with International Accounting Standard (34) “Interim Financial Reporting”.

The interim condensed consolidated financial statements have been presented in Jordanian Dinars “JD” which is the functional currency of the Group.

The interim condensed consolidated financial statements have been prepared under the historical cost convention.

The interim condensed consolidated financial statements do not contain all information and disclosures required for annual financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the Group’s annual financial statements as of 31 December 2021. In addition, the results for the six-months period ended 30 June 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

(2-2) BASIS OF CONSOLIDATION OF THE FINANCIAL STATEMENTS

The accompanying interim condensed consolidated financial statements comprise the financial statements of AL-Tajamouat for Touristic Projects Company (the Company) and the following wholly owned subsidiary as at 30 June 2022:

<u>Company Name</u>	<u>Legal form</u>	<u>Country of incorporation</u>	<u>Ownership percentage</u>	
			<u>30 June 2022</u>	<u>31 December 2021</u>
Al Taj Al Thahabi for Alternative Power Resources Projects*	Limited Liability Company	Jordan	100%	100%

* Al Taj Al Thahabi for Alternative Power Resources Projects (Limited Liability Company) was established in Jordan on 25 February 2019 with an authorized paid in capital of JD 5,000. The subsidiary is fully owned by Al Tajamouat for Touristic Projects Company.

The main objectives of the subsidiary are to invest in renewable energy projects, distribute, purchase, sell and exchange renewable energy inside and outside Jordan mainly for the Group’s own use.

AL-TAJMOUAT FOR TOURISTIC PROJECTS COMPANY – PUBLIC SHAREHOLDING COMPANY
NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
AS AT 30 JUNE 2022 (UNAUDITED)

(2-2) BASIS OF CONSOLIDATION (CONTINUED)

The Company did not have any operations since incorporation up to the date of the interim condensed consolidated financial statements.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group and its subsidiaries are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary.
- Derecognises the carrying amount of any non-controlling interests.
- Derecognises the cumulative translation differences recorded in equity.
- Recognises the fair value of the consideration received.
- Recognises the fair value of any investment retained.
- Recognises any surplus or deficit in profit or loss.
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings.

(3) CHANGES IN ACCOUNTING POLICIES

The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2021 except for the adoption of new standards effective as of 1 January 2022 shown below:

Reference to the Conceptual Framework – Amendments to IFRS 3

In May 2020, the IASB issued Amendments to IFRS 3 Business Combinations - Reference to the Conceptual Framework. The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements.

The Board also added an exception to the recognition principle of IFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 or IFRIC 21 Levies, if incurred separately.

At the same time, the Board decided to clarify existing guidance in IFRS 3 for contingent assets that would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements.

These amendments had no material impact on the interim condensed consolidated financial statements of the Group.

Property, Plant and Equipment: Proceeds before Intended Use – Amendments to IAS 16

In May 2020, the IASB issued Property, Plant and Equipment — Proceeds before Intended Use, which prohibits entities from deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in profit or loss.

These amendments had no material impact on the interim condensed consolidated financial statements of the Group.

Onerous Contracts – Costs of Fulfilling a Contract – Amendments to IAS 37

In May 2020, the IASB issued amendments to IAS 37 to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making.

The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

These amendments had no material impact on the interim condensed consolidated financial statements of the Group.

(3) CHANGES IN ACCOUNTING POLICIES (CONTINUED)

IFRS 1 First-time Adoption of International Financial Reporting Standards – Subsidiary as a first-time adopter

As part of its 2018-2020 annual improvements to IFRS standards process, the IASB issued an amendment to IFRS 1 First-time Adoption of International Financial Reporting Standards. The amendment permits a subsidiary that elects to apply paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to IFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of IFRS 1.

The amendment is not applicable to the Group.

IFRS 9 Financial Instruments – Fees in the '10 percent' test for derecognition of financial liabilities

As part of its 2018-2020 annual improvements to IFRS standards process the IASB issued amendment to IFRS 9. The amendment clarifies the fees that the group includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received by the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

These amendments had no material impact on the interim condensed consolidated financial statements of the Group.

IAS 41 Agriculture – Taxation in fair value measurements

As part of its 2018-2020 annual improvements to IFRS standards process, the IASB issued amendment to IAS 41 Agriculture. The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of IAS No. (41).

These amendments had no impact on the interim condensed consolidated financial statements of the Group.

(4) PROPERTY AND EQUIPMENT
