## Independent Auditor's Report

**To the Dear Shareholders,  
United Group for Land Transport Company  
(Public Limited Shareholding Company)  
Amman – the Hashemite Kingdom of Jordan**

### **Opinion:**

We have audited the financial statements of **United Group for Land Transport Company (the “Company”)** and which comprise the statement of financial position as at 31 December 2023, the statements of comprehensive income, changes in equity and cash flows for the year then and a summary of significant accounting policies and explanatory notes from 1 to 19.

In our opinion, the financial statements referred to above in whole present fairly, in all material respects, the financial position of the Company as of 31 December 2023 and the results of its operations, its cash flows and changes in Shareholders Equity for the year then ended are in accordance with International Financial Reporting Standards (“IFRS”) as endorsed in the Hashemite Kingdom of Jordan.

### **Basis for Opinion:**

We conducted our audit in accordance with the International Standards on Auditing (“ISAs”) that are endorsed the Hashemite Kingdom of Jordan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (“IESBA Code”) together with the ethical requirements that are relevant to our audit of the financial statements in the Hashemite Kingdom of Jordan, and we have fulfilled our other ethical responsibilities in accordance with IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters:**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## **Independent Auditor's Report (continued)**

**To the Dear Shareholders,**

**United Group for Land Transport Company**

**(Public Limited Shareholding Company)**

**Amman – the Hashemite Kingdom of Jordan**

### **Property and equipment:**

The value of property and equipment shown in the financial statements represents 73% of total assets in accordance with International Financial Reporting Standards (IFRS), the management reviews the useful life and the method of depreciation and performs a test for impairment of property and equipment (if any) through the use of assumptions and estimates and, because of the importance of such assets, is an important audit.

### **The most important audit procedures:**

- Study and examination of the internal control systems related to financial operations related to property and equipment.
- Conducting an analytical and documentary study of additions and disposals on property and equipment accounts.
- Verification of the actual existence and ownership of such property and equipment by the company.
- Ensure the correct calculation of depreciation and study management estimates of approved depreciation rates.
- Verify that there is no indication of impairment in the value of the property and equipment that requires an impairment test.
- Validation of presentation, disclosure and accounting policies consistent with International Financial Reporting Standards.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements:**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the IFRS as endorsed in the Hashemite Kingdom of Jordan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

**Independent Auditor's Report (continued)**  
**To the Dear Shareholders,**  
**United Group for Land Transport Company**  
**(Public Limited Shareholding Company)**  
**Amman – the Hashemite Kingdom of Jordan**

**Auditor's Responsibilities for the Audit of the Financial Statements:**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not guarantee that an audit conducted in accordance with the ISAs that are endorsed in the Hashemite Kingdom of Jordan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of those financial statements. As part of an audit in accordance with International Standards on Auditing ("ISAs") that are endorsed in the Hashemite Kingdom of Jordan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, Deprecations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal Control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion, our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

## Independent Auditor's Report (continued)

To the Dear Shareholders,

**United Group for Land Transport Company**

**(Public Limited Shareholding Company)**

**Amman – the Hashemite Kingdom of Jordan**

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the company audit and we remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Legal Requirements**

The Company has proper accounting records which are, in all material respects, consistent with the accompanying financial statements, accordingly, we recommend approving these financial statements by the general assembly.

**1) General**

United Group For Land Transport Co. was established on 23 December 1995, and was registered in the Ministry of Industry and Trade – Limited Liability Companies in the Hashemite Kingdom of Jordan under number (4223). The main activities of the company include parking for trucks, commercial agencies, representation of companies, transport for various goods, movable and immovable assets and any other targets designed to implement previous targets.

At the Extraordinary General Assembly meeting on 14 December 2005, it was decided to transfer the company from a limited liability company to a limited shareholding company. The legal procedures were completed by the Ministry of Industry and Trade on 15 August 2006. On 5 September 2006, the company was registered in the Public Shareholding Companies under No. 414 with the same previous objectives.

At its extraordinary meeting held on 2 April 2012, the General Assembly decided to reduce the company's Capital to JD 6,600,000 instead of JD 8,000,000. The legal procedures were completed by the Ministry of Industry and Trade on 17 MAY 2012.

The financial statements were approved by the Board of Directors of the company at its meeting on 7 February 2024 and are subject to the approval of the General Assembly of Shareholders.

**2) Basis of preparation**

The principal accounting policies adopted in the preparation of the financial statements are set out below. The policies have been consistently applied to all the years presented, unless otherwise stated.

The financial statement are presented in JD, which is also the company's' functional currency. Amounts are rounded to the nearest JD, unless otherwise stated.

These financial statements have been prepared in accordance with International Financial Reporting Standards, International Accounting Standards and Interpretations (collectively IFRSs) as adopted by the Jordanian laws.

The preparation of financial statements in compliance with adopted IFRS requires the use of certain critical accounting estimates. It also requires Company management to exercise judgment in applying the Company's accounting policies.

The financial statements have been prepared in accordance with the historical cost principle.

**Significant accounting policies**

The accounting policies adopted in the preparation of the financial statements are consistent with those used in the preparation of the financial statements for the year ended 31 December 2022, except for the adoption of the following new standards effective as of 1 January 2023:

The adoption of the below amendments to existing standards did not result in changes to previously reported net profit or equity of the company, but they may result in additional disclosures at year end.

### **3) Significant accounting policies**

#### **Revenue**

Revenue from services is recognized when it can be reliably measured and it is probable that the company will collect the corresponding amount. Revenue from services is recognized in the period in which the service is provided

#### **Impairment of non-financial assets**

The non-financial assets are subject to impairment tests whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. Where the carrying value of an asset exceeds its recoverable amount (i.e. the higher of value in use and fair value less costs to sell), the impairment is recorded in the Income statement.

#### **Foreign currency transactions**

The transactions conducted by the company in currencies other than its functional currency (Jordanian Dinar) are recorded using the prevailing exchange rates at the date of these transactions. Assets and cash liabilities are translated using the prevailing exchange rates at the date of the financial statements' preparation, and gains and losses arising from currency differences are directly recognized in the income statement. Non-cash assets recorded at historical cost are translated using the prevailing exchange rates at the date of the transactions, while non-cash items recorded at fair value are translated using the prevailing exchange rates at the date of their valuation. Gains and losses from revaluation are recognized as part of the fair value.

**Financial assets**

The Company classifies its financial assets into one of the categories discussed below, depending on the purpose for which the asset was acquired. The Company has not classified any of its financial assets as held to maturity.

The Company accounting policy for each category is as follows:

*Loans and receivables*

These assets are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers (e.g. trade receivables), but also incorporate other types of contractual monetary asset. They are initially recognized at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortized cost using the effective interest rate method, less provision for impairment.

Impairment provisions are recognized when there is objective evidence (such as significant financial difficulties on the part of the counterparty or default or significant delay in payment) that the Company will be unable to collect all of the amounts due under the terms receivable, the amount of such a provision being the difference between the net carrying amount and the present value of the future expected cash flows associated with the impaired receivable. For trade receivables, which are reported net; such provisions are recorded in a separate allowance account with the loss being recognized within administrative expenses in the statement of comprehensive income. On confirmation that the trade receivable will not be collectable, the gross carrying value of the asset is written off against the associated provision.

The company recognizes a provision for all the receivables that exceeds 120 days of its maturity date.

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less.

**Financial liabilities**

The Company classifies its financial liabilities depending on the purpose for which the liability was acquired.

The Company accounting policy for each category is as follows:

*Other financial liabilities :*

Trade and other credit balances

Trade payables and other short-term monetary liabilities, which are initially recognized at fair value and subsequently carried at amortized cost using the effective interest method.

**Share capital**

Financial instruments issued by the Company are classified as equity only to the extent that they do not meet the definition of a financial liability or financial asset. The common shares of the company are classified as equity instruments.

**Employee benefits**

The company's contribution to the employee benefits plan is recorded in the statement of profit or loss and other comprehensive income for the relevant year.

---

**Leased assets**

Where substantially all of the risks and rewards incidental to ownership are not transferred to the company (an “operating lease”), the total rental payable under the lease are charged to the statement of comprehensive income on a straight-line basis over the lease term.

**Property and equipment**

Property and equipment are stated at cost net of accumulated depreciation and any impairment loss in its value, moreover Property and Equipment (except for land) are depreciated according to the straight- line method over the estimated useful lives when ready for use of these assets using the rates:

<u>Item</u>	<u>Percentage of depreciation</u>	<u>Item</u>	<u>Percentage of depreciation</u>
- Buildings	%2	- Cars and trucks	%7-%20
- Tools	%12	- Hangers	%10
- Electrical and Office Equipment	%20	- Decorations and exterior fittings	%9-%2
- Furniture	%10-%3	- Solar Energy Systems	%10

When the carrying amount of property and equipment exceeds their recoverable value, assets are written down and impairment loss is recorded in the statement of income.

The useful lives of property and equipment are reviewed at the end of each year, in case the expected useful life is different from what was determined before the change in estimate is recorded in the following years being a change in estimates.

**4) Financial instruments - risk management**

The Company is exposed through its operations to the following financial risks:

- Credit risk
- Market risk
- Liquidity risk

In common with all other businesses, the Company is exposed to risks that arise from its use of financial instruments. This note describes the Company objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout these financial statements.

**(i) *Principal financial instruments***

The principal financial instruments used by the Company, from which financial instrument risk arises, are as follows:

- Cash and cash equivalent
- Trade and other receivables
- Trade and other payables

**(ii) *Financial instruments not measured at fair value***

A financial instrument not measured at fair value includes cash and cash equivalents, trade and other receivables and trade and other payables and loan.

The book value of the financial instruments mentioned above is approximately equal to their fair value.

---

The company's management assumes the responsibility for determining and implementing risk management objectives and policies. The overall objective is to establish policies that lead to minimizing risks to the greatest extent possible without compromising the company's flexibility and competitiveness. Below are further details about these policies:

**Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Company is mainly exposed to credit risk from credit sales, the company sell the costumers with creditworthiness history on the other hand new customers are analyzed for creditworthiness before the company's standard payment and delivery terms and conditions are offered.

Credit risk also arises from cash and cash equivalents and deposits with banks and financial institutions. For banks and financial institutions, The Company deals with banks with an acceptable credit rating.

**Market risk**

Market risk arises from the Company use of interest bearing, tradable and foreign currency financial instruments. It is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates (interest rate risk), foreign exchange rates (currency risk) or other market factors (other price risk).

The Company is not exposed to any of the market risks in the previous paragraph due to not holding any instrument with variable interest rate, no amounts are expected to be settled in foreign currencies and the Company does not hold any equity investments in other companies.

**Liquidity risk**

Liquidity risk arises from the Company management of working capital. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due.

The Company policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities when they become due.

**Capital Disclosures**

The Company monitors "adjusted capital" which comprises all components of equity (paid up capital, accumulated losses and statutory reserve).

The Company's objectives when maintaining capital are:

- To safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
- To provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of return capital to shareholders, issue new shares, or sell assets to reduce debt.

**UNITED GROUP FOR LAND TRANSPORT COMPANY  
(PUBLIC LIMITED SHAREHOLDING COMPANY)  
AMMAN -JORDAN  
NOTES FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2023**

**5) Critical accounting estimates and judgments**

The Company makes certain estimates and assumptions regarding the future. Estimates and judgments are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

*Property and equipment*

The Company reviewed the estimated useful life of property and equipment and depreciation method to verify that it reflects the used economic benefits and in case there is a difference it will be treated as changes in estimates (in the year of change and subsequent years).

*Legal proceedings*

The Company reviews outstanding legal cases through following the developments of the legal procedures at each reporting date, in order to assess the need of provisions and disclosures in its financial statements. Among the factors considered in making decisions on provisions are the nature of litigation, the progress of the case (including the progress after the date of the financial statements but before those statements are issued), the opinions or views of legal advisers, experience on similar cases and any decision of the Company management as to how it will respond.

*Income tax*

The Company is subject to income tax and significant judgment is required in determining the provision for income taxes. During the ordinary course of business, there are transactions and calculations for which the ultimate tax determination is uncertain. As a result, the company recognizes tax liabilities based on estimates of whether additional taxes and interest will be due.
